

## uvex astrospec 2.0

For perfect all-round protection

The large panorama polycarbonate lens with integrated side protectors and brow guard ensures optimum eye coverage. Together with the uvex coating technology, the uvex astrospec 2.0 is a development of the world's most popular uvex safety spectacles offering exceptional protection and wearer comfort.

**Folds flat**  
fits in any bag or pocket.

**Innovative product development**  
based on the popular uvex astrospec design.

**Enhanced ventilation**  
labyrinth seal improves climate around the eyes for increased comfort and visibility.

**Permanent anti-fog on the inside and scratch-resistant on the outside**  
thanks to uvex supravision excellence coated lenses.

**Fully adjustable to any facial shape**

flexible hard-soft side arms with variable inclination.

**Ultimate eye coverage**  
Due to the panoramic lens with integrated side.
