

Titration Compact V20S

Robust Volumetric Karl Fischer Titrator. *The V20S extends usability with the same space saving design as the Compact Volumetric KF line. Accurate results from 100 ppm to 100% water. Supports 12 shortcuts per user + 5 analysis methods and LabX full lab data management.*

Solid Compliance

In regulated environments, LabX software provides full support for your compliance needs to 21 CFR Part 11 and EU Annex 11.

Robust Design, Accurate Results

Special titration cell design minimizes ambient moisture interference for a low background drift value, ensuring accurate and repeatable measurements.

One Click User Interface

With the intuitive One Click touchscreen interface, you may customize the home screen to run your workflows quickly and easily with a single tap on the screen.
